Success Coaching Overview
The Student Success Coaching Program (SSCP) was founded in 2016 as a collaboration between the Deans of Advising at the Undergraduate Colleges and the Vice Chancellor of Student Affairs.

- SSCP supports the success and retention of a distinct cohort of first-generation college students at UC San Diego through a variety of coaching programs and services.
- Our hallmark approach is using coaching as a vehicle to support students to achieve their goals.
- Through coaching, we offer academic support, information, skill development, and advocacy that inspires and empowers first generation college students and equips them with skills to be successful in navigating their college life.

SSCP supports approximately 1,900 first-generation college students. Our program operates on a cohort basis, where first-generation, California residents with academic need and not already being supported by OASIS Summer Bridge, Chancellor's Associates Scholars Program (CASP), Triton Community Leadership Institute (TCLI), Chancellor's Scholars, and TRIO Student Support Services Program are matched with a coach. However, referrals from these units and the UC San Diego community are welcome.

How do I know if a student is part of the program?
- **Check the VAC:** All success coaching students who have been invited to participate in the program are flagged in the Virtual Advising Center (For VAC please see Flag Type: Student Success Coach).
- **Check Advocate:** Currently, all Fall 2020 first year students invited to participate in Success Coaching have also been flagged in Advocate. We are working on getting the remaining cohorts (Fall 2016, 2017, and 2018) flagged.

Can I refer a student to the program?
- Yes, the Student Success Coaching Program will accept referrals. The program will accept referrals from any campus partner for any UC San Diego student.
- Students who may benefit from the coaching program are those who are requesting assistance with academic skills support, transition/connection with university resources and sense of belonging on campus.
- Students who agree to actively participate in the program get access to 1:1 coaching appointments, peer connections, and invitations to virtual events and programming.
- Referred students who are not a part of the original cohort are ineligible for priority registration.

How can I refer a student?
There are two ways you can refer a student:

1) **Send the student directly to our virtual drop in hours.** They can join the zoom room at ucsd.zoom.us/my/ucsdsuccesscoaching on Mondays-Thursdays from 11-12 and 1-3pm. They can meet with any success coach based on their availability, or they can meet with their undergraduate college’s Success Coach on the days that they are hosting a virtual drop in hour session

AND/OR you may also:
2) Contact the success coach via email for the student’s college directly (see team directory page for email addresses).

In your referrals, please include the following:

· Student’s Name
· PID
· Relationship to student (instructor, faculty, advisor, etc.)
· Reason for the referral (context is helpful)

What happens after I refer a student?

• **When students attend a drop-in session**: Success Coaches will work with them to assess need, connect them to resources, and match them to peer connections. Referral students get access to a Professional Success Coach and a Peer Coach.

• **When Success Coaches receive your referral**, they will conduct proactive outreach inviting the student to attend a drop-in session. If the student cannot attend a drop-in session, they will be invited to schedule an appointment.

---

**WE'RE BACK!**

**VIRTUAL DROP-IN HOURS**

**MONDAY - THURSDAY**

11-12PM & 1-3PM

Students are encouraged to meet with any Success Coach to discuss topics such as:

- Navigating transition and adjustment to being a college student
- Connections to campus resources and support services
- Motivation and organization in the virtual environment
- Balancing home responsibilities with academic expectations

... and much more!
